

Otto sets fast time in King of Wings

Oswego, N.Y. – Otto Sitterly was as fast as he's ever been with a winged super at Oswego Speedway this past Saturday for the third annual King of Wings 50, but the end results weren't what he and the G&I Homes-sponsored Nicotra Racing team were looking for.

Otto was the fastest of 31 cars in attendance in practice with a quick time of 15.845 around Oswego's five-eighths-mile lakeside oval.

The blue Nicotra No. 6 was fastest again in time trials, laying down an outstanding 15.363 – two-tenths of a second quicker than second-place Trent Stephens' time of 15.56.

But the rest of the night didn't go as planned for Otto and the Canajoharie, N.Y.-based team. Sitterly ran to a fifth-place finish in the third heat race, qualifying for the feature but not in the handicap, meaning he'd start deep in the 25-car King of Wings 50-lap feature.

In a race that surprisingly went green to checkers, Otto stayed on the lead lap for the entire event, and wheeled his Hawk Jr chassis to a 16th-place result. The race was a clean one, as no damage or engine problems hindered the winged event in the racecar primarily used for non-wing racing at The Big O.

With the King of Wings now complete, Otto and the Nicotra Racing team look forward to a busy July. The month features a regular 50-lapper this Saturday at Oswego before the big Race of Champions 61-lapper Saturday, July 23.
